ATV Television - 2002 Yamaha BearTracker Test

2002 yamaha bear tracker starts right up no problem with choke on or off when warm. idles nice w/o choke once warmed up but if I pull the choke out (on) it revs very high just by pulling out on the choke knob. if i hit the gas it cuts off no matter where the choke is set. i just adjusted the valves but I am hearing a ticking noise up there so I'm thinking I better check them again.

02' Bear Tracker | Honda ATV Forum

Bought a 01 bear tracker and a trailer from a local guy last week. I rebuilt the carb 2 days ago and ran damn near perfect for 2 hours. Parked it and came back the next day. It suddenly wont hold an idle at all and pops when Im going downhill or at a slow speed. Almost like Im dragging the whole ...
