A Feast for Crows is the fourth volume in the New York Times bestselling novel series of A Song of Ice and Fire by George R. R. Martin. After A Game of Thrones, A Clash of Kings, and A Storm of Swords, it took the author five years to publish the fourth book in 2005. Due to the length of the books, A Dance with Dragons was delayed, and

Song Fire Thrones
A Feast For Crows, is so far still a very good listen and is by no means bad. its just that I have found this addition to the series of 'a song of ice and fire' vastly different in its entirety, it feels as though this book is a side addition to the series.
