It is a journey where they are able to liberate themselves from their pasts and face a future based upon love and compassion for themselves and for the whole (others/humanity) In Psychosynthesis Psychology we have a psychology that can serve this transition. It is a psychology of HOPE

### Psychosynthesis - Wikipedia

The text for this course is A Psychotherapy of Love: Psychosynthesis in Practice (SUNY Press, 2010) by John Firman and Ann Gila, and the topics covered in this course include psychosynthesis therapy as a Journey model, spiritual empathy, therapist as authentic unifying center, the death and rebirth of the therapist, power and ethics, and empathic resonance. This material will be explored both conceptually and experientially through the readings, exercises and questions posed by the instructor.

### Psychosynthesis Palo Alto

Psychosynthesis is an approach to psychology that was developed by Italian psychiatrist, Roberto Assagioli. He compared psychosynthesis to the prevailing thinking of the day, contrasting psychosynthesis for example with existential psychology, but unlike the latter considered loneliness not to be "either ultimate or essential".

### A psychotherapy of love : psychosynthesis in practice ...

John died in 2008, four weeks after he and Ann had signed a contract for the publication of their third book, A Psychotherapy of Love: Psychosynthesis in Practice. Ann went on to complete the book, and it was published by State University of New York Press (SUNY) in 2010.

### A Psychotherapy Of Love Psychosynthesis

premise of their new book, A Psychotherapy of Love: Psychosynthesis in practice. The authors explain that this is not shallow or fantasy-based love, but an empathy and cherishing similar to that which Carl Rogers called unconditional positive regard, and Roberto Assagioli, the founder of Psychosynthesis, called altruistic love.

### Psychosynthesis vs. Jungian Psychology | Love and Will

At a basic level, psychosynthesis is a type of talk therapy. Like psychoanalysis, it involves focus on introspection and exploration of the unconscious. Introspection, or empathic self-exploration, is highly encouraged in psychosynthesis, as it allows a person to consciously explore various aspects...

### A Psychotherapy of Love: Psychosynthesis in Practice

Psychosynthesis, first developed by Italian psychiatrist Roberto Assagioli, is based on the therapist's expression of empathic, altruistic love to support the client's innate drive to actualization. This work presents an applied theoretical orientation to psychosynthesis, drawing on approaches such as object relations theory, attachment theory, neuroscience, and transpersonal psychology.
