Some condominiums are underfunded and don't have the money to pay for regular maintenance. It's important to ask a lot of questions and make sure the association is well-run before buying a condo, and find out how many condos the association manages. If a dozen members struggle with paying dues in any given month and your community has 500 condos, you aren't likely to feel the impact.

Allison Model 250 - Wikipedia

The Allison V-1710 aircraft engine designed and produced by the Allison Engine Company was the only US-developed V-12 liquid-cooled engine to see service during World War II. Versions with a turbocharger gave excellent performance at high altitude in the twin-engined Lockheed P-38 Lightning, and turbo-superchargers were fitted to experimental single-engined fighters with similar results.
