An Episode In The Life

The Disastrous Life of Saiki K. is an anime television series produced by Egg Firm and J.C. Staff, based on the manga series created by Shūichi Asō and published in Shueisha's Weekly Shōnen Jump magazine. The series follows Kusuo Saiki, a high school student with all manner of psychic abilities, who constantly faces misery caused by both his powers and the strange people around him.

Day in the Life: Episode 4 | Russell Gage

One of the scariest moments in the episode doesn't involve monsters or ghosts at all but rather a jealous outburst from Peter. He accuses her of flirting with Owen, outright gaslights her. Like a doll becoming sentient or a figure appearing in a mirror, the shift is sudden and unsettling, but it's a real-life horror.

In the course of a long career, I have watched the “death of the mainframe” with wry amusement. My first job in an IT department involved an IBM 360, and mainframes were going strong when I left Banking for creative writing around 1990 (although one of my first editors refused point-blank to believe that my previous employer, a large international bank, was still using one).
