The UCLA Logic Center was established in the Fall of 2004, by a generous anonymous donation. Its purpose is to foster teaching and research in logic, broadly understood to include all areas of mathematical and philosophical logic as well as the applications of logic to philosophy, linguistics, and computer science.

using logic 2010

as sentences in logic. Suppose you answer the question: 'I am not sleepy.' This is either true or false, and so it is a sentence in the logical sense. Generally, questions will not count as sentences, but answers will. 'What is this course about?' is not a sentence. 'No one knows what this course is about' is a sentence.
