...

Hence, Albertus argues that, for land redistribution to become a real possibility, it has to be championed by a political coalition in order to reduce the power of political and legal constraints established by the landed elite. This is where land reform conducted in autocratic countries comes into the picture.

## **Autocracy and Redistribution: The Politics of Land Reform**

...

Albertus demonstrates that land redistribution is more likely under dictatorship than democracy and builds a persuasive argument about why that is the case. The book is an outstanding contribution to the literatures on land redistribution, democracies and dictatorships, political economy, and Latin American politics.'

**Autocracy and redistribution: the politics of land reform**

...

This book shows that land redistribution - the most consequential form of redistribution in the developing world - occurs more often under dictatorship than democracy. It offers a novel theory of land reform and develops a typology of land reform policies.

**Autocracy\_and\_Redistribution\_The\_Politic - Albertuss book ...**

Third, it demonstrates how potentially redistributive land reform is transformed in the presence of high institutional constraints into distributive politics. Whereas high institutional constraints frequently block redistributive land reform, other types of land reform such as land negotiation and land colonization nonetheless occur often under democracy.
