Part 1: ICT Standards Development Organizations and ... - ITU

Telecommunications in India began with the introduction of the telegraph.The Indian postal and telecom sectors are one of the world's oldest. In 1850, the first experimental electric telegraph line was started between Calcutta and Diamond Harbour. In 1851, it was opened for the use of the British East India Company.The Posts and Telegraphs department occupied a small corner of the Public Works ...

Basic Ngn Architecture Principles Itu

This ICT Security Standards Roadmap is intended to support the security standardization work of the ITU by identifying existing published security standards, standards that are in development, and areas where a need for standards has been identified but where work has not yet been initiated. Although the focus is primarily on standards in the ITU-T space (i.e. security standards relating to ...

3GPP Specification Set: 5G

The Internet (or internet) is the global system of interconnected computer networks that uses the Internet protocol suite (TCP/IP) to communicate between networks and devices. It is a network of networks that consists of private, public, academic, business, and government networks of local to global scope, linked by a broad array of electronic, wireless, and optical networking technologies.
