Software wood | Biesse Worldwide

Hey I'm working on a Biesse skill with the nesting options installed, the software is Biesseworks var. 3.4.22.2192. I'm having two problems with the nesting software first the machine is only using one drill bit at a time but the 5 5mm drill bits are setup to be symmetric, and it does work in single programs without nesting, I'm not sure how to embed it as it would save a lot of time, but the ...
