Germany - Germany - Economic changes and the Zollverein: The struggle of parties and ideologies during the restoration of the old order reflected the beginning of important changes in the structure of the economy and the community. In the long run, the most significant of these changes was the gradual emergence of large-scale industry in Germany.

Georg Friedrich List (6 August 1789 – 30 November 1846) was a German-American economist who developed the "National System" of political economy. He was a forefather of the German historical school of economics, and argued for the German Customs Union from a Nationalist standpoint. He advocated imposing tariffs on imported goods while supporting free trade of domestic goods, and stated the ...
