Kinivo HDMI switches (350BN, 550BN, 301BN, 501BN) provide a feature called Automatic Switching, or "auto switching" for short. This lets the HDMI switch sense input signals automatically and switch from one active input source to the next in whatever order they are plugged in. Auto switching bypasses input ports without a signal.

The Kinivo BTH240 doesn't look like your typical Bluetooth headset. Rather than being a small in-ear headset, it offers the sound power of larger on-ear headphones. Having said that, the first thing we notice when we unbox the Kinivo BTH240 is their lightweight and rather small size to be on-ear headphones.
