Caterpillar C9 Engine Specs | Transmission (Mechanics ...

You could look in the Cat C9 manual Page 159 and read the manufacturers method of filling with 30 quarts of oil, running the engine, sit for 20 minutes, check the dipstick and confirm or remark that as the add mark, then add 4 quarts and confirm or mark as full. That's 34 quarts. The Cat engine owners manual and I both think that's the right ...

Cat | C9.3 | Caterpillar

The manual says the oil capacity is 37 quarts with the filter. I'm positive that's what we put in on previous changes. The service center called me and said it only took 28 quarts to the fill marker on the dip stick. Is this an instance of the fill line being for the OEM CAT application, and it's not accurate with the application in my Beaver?
