The procedures outlined in this manual are generalized for all models of 4300/6300 Series Slick Magnetos, using only genuine Champion Aerospace manufactured parts. This manual must not be used to maintain or overhaul a Slick Magneto that contains parts not manufactured by Champion Aerospace.

New Champion Aerospace Manual for Slick Magnetos

This reference manual provides complete application data for Slick Magnetos and Ignition Harnesses, Champion® Aviation Spark Plugs, SlickSTART™, Slick Ignition Upgrade Kits, and technical information on all Slick Piston Engine Ignition Products.

Slick Magneto by Champion: Overhaul vs. Rebuild

SLICK MAGNETOS ****NOT COST EFFECTIVE TO OVERHAUL**** In our opinion Slick Magnetos are NOT economical to overhaul. Champion Aerospace has a list of parts which **MUST** be changed to qualify as OVERHAULED. The cost of these parts far exceed the cost of an exchange (NEW) magneto.

Champion Technical Support & Publications - Champion Aerospace

Magnetos are frequently not maintained to requirements specified in L1363 Manual- 4300/6300 Series Magneto Maintenance and Overhaul Manual, probably because they're so reliable and all engines have a redundant magneto. Magnetos need regular maintenance, and the consequences of neglect can be devastating.

Magneto, Textron-Lycoming, from Champion Slick, slk-4381 ...

Aircraft engines are equipped with dual ignition systems for several reasons. The safety found in redundancy is the obvious choice but high cylinder pressures, fixed timing, combustion chamber size, design, and the goal of optimum combustion, require the ignition of the fuel-air mixture to occur via two plugs in one combustion chamber. This is so that the entire mixture can be burned before the ...
