Climate Changed: A Personal Journey Through Science ...

"Climate Changed" was written four years ago and a lot has changed politically and economically since Squarzoni wrote and drew the comic. The world signed the Paris Climate Accords (however the U.S. withdrew in 2017) and renewable energy has taken off. It definitely seems a bit more hopeful than in 2014. However, it's not rosy either.

Climate Changed: A Personal Journey Through The Science ...

Climate Change : a personal journey through the science. Climate Changed is a comic narrow in focus, but grand in design and execution. By guiding the reader through the creator's own experiences in learning about climate change, the work culminates in messages at once direct and powerful. Comprehensive and relatable, I would recommend this book to anyone.

A Personal Journey into Climate Change | Miles McPhee | TEDxYakimaSalon

I just finished reading a paperback copy of Philippe Squarzoni's graphic novel: "Climate Changed a Personal Journey Through the Science". I made a point of ordering a paper copy rather than reading the Kindle book version because I intend to donate this copy to my local library, despite my misgivings about the carbon footprint of printing and shipping paper books.
