Corporate social responsibility - Wikipedia

The corporate social responsibility (CSR) camp focuses on balancing current stakeholder interests. A socially responsible oil company would build local schools and hospitals to compensate communities for their resource extraction. But such measures do not always acknowledge the long-term impact on the communities.

Corporate Social Responsibility and Sustainable Business

There seems to be an endless battle over whether sustainability is merely a component of (corporate) social responsibility or whether social responsibility is simply one of the so-called bottom lines in sustainability's triple bottom line (TBL). It is not really a battle since neither side will even recognize the other.
