ManyBooks is one of

the best resources on
the web for free books
in a variety of
download formats.

There are hundreds of
books available here,
in all sorts of
interesting genres, and
all of them are
completely free. One of
the best features of
this site is that not all
of the books listed here
are classic or creative
commons books.

ManyBooks is in

transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.
