Human Development Throughout the Life Span - Study.com
Welcome to life span, growth and development. This is the study of how and why people change or remain the same over time. This course is commonly referred to as the “womb to tomb” course because it is the story of our journeys from conception to death. Human development is the study of how we change over time.

Development through the Life Span Chapter 4 study guide ...
It is an old saying that the only thing that remains the same is change. Changes are always occurring through the course of a person's life. From the point of conception changes begin to occur and they continue through the moment of death. Lifespan development is the name psychologists have given to the physical and cognitive changes that occur throughout a person's life (Boyd & Bee, 2009).

Berk, Development Through the Lifespan | Pearson
