In one sense, Lee Jackson's Dirty Old London: The Victorian Fight Against Filth is exemplary in presenting a picture of how such categories of dirt were defined and managed in Victorian London, dealing, in turn, with wastes (ash, mud, rubbish, excrement, and corpses), bodies (washing and excretion), buildings (slum housing), disease (cholera and typhus), and pollution (smoke, soot, and general miasma). Each of the chapters is structured around an introduction charting—in often horrific ...
