of poor sanitation, agricultural occupations, and increasingly "adventure" sports or races involving fresh water, mud, or soil exposure.

### **Psychiatry | IU School of Medicine**

Veterinary medicine is the branch of medicine that deals with the prevention, control, diagnosis, and treatment of disease, disorder, and injury in animals. Along with this, it deals with animal rearing, husbandry, breeding, research on nutrition, and product development. The scope of veterinary medicine is wide, covering all animal species, both domesticated and wild, with a wide range of ...
