It's worth remembering that absence of a price tag doesn't necessarily mean that the book is in the public domain; unless explicitly stated otherwise, the author will retain rights over it, including the exclusive right to distribute it. Similarly, even if copyright has expired on an original text, certain editions may still be in copyright due to editing, translation, or extra material like annotations.

Heart Is an Awesome Power - TV Tropes

A Valley girl is a socioeconomic, linguistic, and youth subcultural stereotype and stock character originating during the 1980s: any materialistic upper-middle-class young woman, associated with unique vocal and California dialect features, from the Los Angeles commuter communities of the San Fernando Valley. The term in later years became more broadly applied to any female in the

Even if you sign up for a secondary phone number, your real identity may still be traced. In some countries, you need to provide identification to get a SIM card, so your phone provider may know exactly who you are even if this information isn't available to the general public. The same is true for VoIP services such as Google Voice.
