Philip Lymbery, who heads up Compassion in World Farming (CIWF), writes compellingly about the myriad of social and environmental issues that are generated by our global industrialised food system and in spite of the dense and complex subject matter, this book is an easy read. Though the sub-title of Farmageddon is 'The True Cost of Cheap Meat,' this is much more than just a polemic on ...

Philip Lymbery - Wikipedia

So just how serious is the impact of industrial farming? Worse than you could ever imagine, writes organic farmer Julian Rose in this review of 'Farmageddon - the Real Price of Cheap Food', which lifts the lid on the industry's human and ecological devastation, and the systematic cruelty inflicted on the animals that feed us.

Farmageddon - the true cost of cheap meat

Farmageddon: The True Cost of Cheap Meat is a 2014 non-fiction book by Philip Lymbery and Isabel Oakeshott. It surveys the effects of industrial livestock production and industrial fish farming around the world. The book is the result of Lymbery's investigations for which he travelled the world over three years.

Farmageddon: The True Cost of Cheap Meat: Philip Lymbery ...

Farmageddon is a comprehensive collection of horror stories about the way in which food is produced -unfortunately modern food production is an insanely complicated, destructive and cruel system. One that all of us need to know something about, as all of us eat and will probably want to continue eating and existing in this planet that the messed up food industry is spoiling before our eyes.

Farmageddon - the True Cost of Cheap Meat

Without de-emphasizing the severity of the exploitation and suffering of farmed animals, much of Farmageddon is also devoted to documentation of human exploitation and oppression through agriculture. Since 1995, more than 250,000 farmers in India have committed suicide, largely due to accruing extreme
