Farmall Super A Tractors products for sale | eBay

The Farmall A, B, and C used a sliding-gear four-speed transmission, while the larger, more powerful Farmall H and M were fitted with a five-speed transmission. The extra gears of the Farmall tractors helped maximize the engine's power band and road speed, giving a sales advantage over the competition.

TractorData.com Farmall B tractor information

The Farmall A was International Harvester's answer to the Allis-Chalmers B, which entered pilot production in 1937 and full production in 1938. The B was also a small 1-plow tractor and it resembled the Farmall A but lacked the offset design. Although the B sold very well, the Farmall A quickly overtook it.

Used Farmall Tractors for Sale | Machinery Pete

The first Farmall tractor that International Harvester made was produced in 1924 and was the beginning of an era that some would argue has never ended. That first tractor was simply called a Farmall and when the more powerful F-20 came out, the first model came to be known as the Farmall Regular.
