Forecasting Financial Markets: The Psychology of ...

"The global credit boom and subsequent crunch provide strong evidence of the influence of group psychology on human behaviour. Forecasting Financial Markets argues that financial and economic crises are extreme versions of a general inability to separate personal investment and spending decisions from the behaviour of others.

Forecasting Financial Markets The Psychology by Iva ...

Forecasting Financial Markets: The Psychology of Successful Investing Tony Plummer. I found this book difficult to read due to the author's writing style and the organization of the book's contents. The author picks anecdotal evidence from strange sources that are not clearly related to financial markets - not a convincing method in my opinion. ...
