German Aircraft Instrument Panels Vol

The Cessna Aircraft Company (/ ' s ε s n ə /) was an American general aviation aircraft manufacturing corporation headquartered in Wichita, Kansas. The company produced small, piston-powered aircraft, as well as business jets. For much of the mid-to-late 20th century, Cessna was one of the highest-volume and most diverse producers of general aviation aircraft in the world.

Cessna - Wikipedia

The Lockheed F-104 Starfighter is a single-engine, supersonic interceptor aircraft which was extensively deployed as a fighter-bomber during the Cold War. Created as a day fighter by Lockheed as one of the Century Series of fighter aircraft for the United States Air Force (USAF), it was developed into an all-weather multirole aircraft in the early 1960s and produced by several other nations ...
