Alan A. A. Donovan is a member of Google's Go team in New York. He holds computer science degrees from Cambridge and MIT and has been programming in industry since 1996. Since 2005, he has worked at Google on infrastructure projects and was the co-designer of its proprietary build system, Blaze.

### **The Go Programming Language by Alan A. A. Donovan**

K&R C (second edition) still is the standard for books on the C programming language. This is the same thing, for go lang. It assumes some prior programming experience (eg it doesn't bother explaining scopes, functions, if's and else's). Quite refreshing to have a book that just gets on with it.
