### Health by Mildred Blaxter (2010-03-22): Mildred Blaxter ...

Health and Lifestyles is the first description of a large and representative survey of the British population asking just those questions. It examines

the findings, and considers issues such as measured fitness, declared health, psychological status, life circumstances, health-related behaviour, attitudes and beliefs.

**Health, 2nd Edition | Sociology of Health & Illness ...**

The phrases "obviously" and "of course" are a tad overused, and the text ultimately lacks some of the accessibility that leads people to seek out surveys in the first place. However, as an introduction to the search for encompassing definitions of health and illness, Blaxter's book is a good place to start.
