HP E3630A 35w Triple Output DC Power Supply for sale ...

The HP E3630A it's connected to is calibrated, so the multimeter is a little off, but not bad for being over 40 years old. It's amazing it's still working. After Getting the sticky stuff off the panels was quite a chore. It cleaned up pretty well, overall, though. The one casualty is on the rear panel.
