IBM AS/400e : Server User Manual

The IBM 9402 AS/400 Advanced 36 with PowerPC technology offers three feature processors. Built on existing System/36 software functions and interfaces and a member of the AS/400 Advanced Series, AS/400 Advanced 36 shares 9402 packaging and incorporates 64-bit PowerPC AS microprocessors.

9402-436 IBM AS/400 Advanced 36 Model 436

IBM's AS/400 is still a relatively new technology, different in many important ways from other computers — large and small — that have gone before it. But there should be no doubt by now that the AS/400 is here to stay and that the demand will continue to grow for trained programmers and operators who can use the AS/400 to its best advantage.
