Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been

The differences in the life cycle pollution of electric vehicles and internal combustion engine vehicles have been quantified. Overall, internal combustion engines create 1.2 - 1.6 times more CO<sub>2</sub> than electric battery vehicles create. This data shows that electric cars are better for the environment, but they are not perfect.
