Kindle books can only be loaned once, so if you see a title you want, get it before it's gone.

### **Introduction To Genetic Analysis By**

True to its title, the theme of this book is genetic analysis. This theme emphasizes our belief that the best way to understand genetics is by learning how genetic inference is made. On almost every page, we recreate the landmark experiments in genetics and have the students analyze the data and draw conclusions as if they had done the research themselves.
