Toyota Audio Multimedia

Toyota features an advanced voice recognition system that allows you to control many navigation functions through voice commands. The voice command switch is located on the steering wheel. When you press the button, a command list appears on the screen to prompt you for a response. The Toyota system uses natural speech information (English only).

JBL Sound System test - Toyota C-HR

Once you moved from the base model to an LE, the vast majority came with Toyota's premium-sound JBL audio system. While it doesn't sound as good as an aftermarket system we sell here at Perfectionist, it did sound much better than Toyota's basic audio. It played louder and had more bass. Move forward to 2012 and the JBL system is only available on Toyota's top-of-the-line vehicle, and it was still an option, not standard equipment.

Toyota's First Surround Sound Experience With JBL

Toyota 4Runner and JBL Toyota engineers took great care in designing a premium sound system for today's Toyota 4Runner. With up to 3 rows of seating, music must be crystal clear for all passengers....
