Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

In my old article, I already mentioned one of my all-time-favorite chess books. It is a collection of Karpov's best games, which was a part of the famous Soviet "Black Series" about the world's best chess players. The book was translated into English in 1978 as "My Best Games." You can find the following typical Karpov masterpiece in the book:
