The master's Landscape Architecture and Planning is a two-year MSc programme in Wageningen. You can specialise in Landscape Architecture and in Spatial Planning. Landscapes form our living environment. Natural landscapes are often beautiful in themselves. However, most of those we now live in are the result of our complex interaction with the natural world.

What Is Landscape Architecture? | asla.org

For landscape architecture, there's a deep paradox. The bad part is that there is pain, and will be more pain as this business contracts along with everything else. The profession is looking into a future far more unknowable than during the Great Recession a decade ago, when it lost a generation of new landscape architects, and some not so new.
