With IM K-5 every single student can access grade-level math. Students don't get pulled out for math anymore. They get to be part of the classroom because the curriculum is designed to invite all learners into the lesson with multiple opportunities to use manipulatives, have conversations, share their thinking, and explore the mathematics.

The whole of the new 10 year plan for California is wrong. Learning algebra in the 8th grade is impossible to achieve if the students can't do Multiplication in the 3rd. Bravo on this letter and I hope you can help make math more of a center point in the younger grades. Nilima Nigam Says: Comment #97 December 9th, 2021 at 12:58 am
