Lippincott has brought out another good text. The title says its a review but it is in fact an excellent textbook of around 400 pages. The book is well organized and the highlight of this book are the Illustrations. The illustrations are very explanatory and pleasing.

Lippincott's Illustrated Review of Rubin's Pathology 2nd ...

Lippincott's Illustrated Reviews: Physiology brings physiology clearly into focus, telling the story of who we are, how we live, and, ultimately, how we die. By first identifying organ function and then showing how cells and tissues are designed to fulfill that function, Lippincott Illustrated Reviews: Physiology decodes this discipline like no other text or review book.
