### M47 Patton in Italian Service - Tank Encyclopedia

The M47 Patton was an American main battle tank, a development of the M46 Patton mounting an updated turret, and was in turn further developed as the M48 Patton. It was the second American tank to be named after General George S. Patton, commander of the U.S. Third Army during World War II and one of the earliest American advocates of tanks in battle.

### M48 Patton in Action - Armor No. 22: Jim Mesko, Kevin ...

The M48 was the mainstay of American armored forces at the time and the Patton became the heaviest tank to be fielded by the United States Army in the conflict. Despite her armor protection and suitable main gun, the M48 was thrown into a war for which it was not directly intended for.

### M46 Patton Tanks In Korean War Action - YouTube

Despite having been built with the shortcomings of the US experience in Korea in mind, it was never used in action in this war. In 1955, it was replaced in frontline units of the US Army by the more powerful and modern M48 Patton. A frame taken from a 1959 video of an M47 Patton in service in the Esercito Italiano.

### M47 Patton - Wikipedia

The M48 Patton served as an interim tank until replaced by the US Army's first Main Battle Tank (MBT), the M60 Combat Tank. The M48 served as the U.S. Army and Marine Corps's primary battle tank during the Vietnam War. It was widely used by U.S. Cold War allies, especially other NATO countries.

### M48 Patton in Action | Jim Mesko: | download

The Patton tank - more, specifically the M48A3 model - is indeliably linked to the Vietnam War. Though initially U.S. military leaders didn't think tanks could operate in Vietnam, the need for armor support and the Patton's demonstrated ability to function in the Southeast Asia setting meant the 52-ton metal monster was soon a vital player in the fighting.

### 30+ M48 PATTON ideas in 2020 | vietnam war, vietnam war ...

The M48 was the U.S. Army and Marine Corps primary tank during the Vietnam War. It was widely used by U.S. Cold War allies, especially other NATO countries. The tank belongs to the Patton family of tanks, named after General George S. Patton, commander of the U.S. Third Army during World War II and one of the earliest American advocates for the use of tanks in battle.

### M48 Patton in Action

The M48 Patton is an American first generation main battle tank (MBT) introduced in February 1952, being designated as the 90mm Gun Tank: M48.Mrs. Beatrice Ayer Patton, wife of the late General George S Patton christened it as a Patton. It was designed as a replacement for the M26 Pershing, M4 Sherman variants and M46 Pattons used in the Korean War, and as the successor to the M47 Patton.

### M48 Patton - Military Factory

M48 Patton specialist variants M48 Patton in action This offering from Pen and Sword starts with a brief introduction on the M46 and M47, this also looks at their service during the Korean War and the lessons learnt that led to the M48 Patton MBT. This is not a huge section of the book, but it does provide a tidy and logical starting point.

### M48A5 Patton - Global wiki. Wargaming.net

The U.S. Marine Corps introduced the M48A3 Patton Tank and the M51A1 Ontos Anti-Tank vehicles to the Vietnam War in May of 1965, a war that many, including the Commander of Military Assistance Command, Vietnam (MACV), Army's Gen. Westmoreland, said armor had no place in. Marine armor proved so effective that the U.S. Army later followed suit.

### M48 Patton - Wikipedia

The book tells the reader the M-48 is evolved from the somewhat unsuccessful M-47 Patton, itself a direct off shoot from the T-26/M-26/M-46 tank. However, the M-48 has a better turret and improved 90mm gun. The photos and writing in this handy little book will make a novice to the M-48 a semi-expert on the various models of the M-48.

### Armorama :: Pen & Sword Books M48 Patton Review

The M48 Patton served as an interim tank in U.S. service until replaced by the U.S. Army's first main battle tank (MBT), the M60 Patton. The M48 served as the U.S. Army and Marine Corps's primary battle tank during the Vietnam War. It was widely used by U.S. Cold War allies, especially other NATO countries. The M48 Patton tank was designed to replace the previous M47 Pattons and M4 Shermans. Although largely resembling the M47, the M48 Patton was a completely new tank design.
