5 Best All-In-One Computers - Dec. 2019 - BestReviews

The convenience of all-in-one PCs is a double edged sword, since you're stuck with the size you choose. Make sure that the screen you get is big enough and has a high enough resolution. Touch input - In addition to a mouse and keyboard, some all-in-one PCs also have touchscreens. This is a great option to look for if you prefer a touch interface, but it can also allow your PC to double as a drawing tablet if you're a creative type.
