Free ebook download sites: - They say that books are one's best friend, and with one in their hand they become oblivious to the world. While With advancement in technology we are slowly doing away with the need of a paperback and entering the world of eBooks. Yes, many may argue on the tradition of reading books made of paper, the real feel of it or the unusual smell of the books that make us nostalgic, but the fact is that with the evolution of eBooks we are also saving some trees.

Mapping Apologetics - Comparing Contemporary Approaches ...

Everyone believes something. But how and why do people believe? What counts as evidence? How much can be assumed or believed by faith alone? When it comes to religious faith, the questions become at once more difficult and more important. Over the centuries, Christians have offered different approaches to explaining or defending the Christian faith, a discipline known as apologetics.

Mapping Apologetics: Comparing Contemporary Approaches ...

"In his book Mapping Apologetics, Brian Morley aims to give us a remarkably readable survey of the most influential apologetic approaches current and has remarkably achieved that aim. His analysis lays bare the main lines of each representative apologist's thought. Methods are both described and critiqued. But Brian bends over backwards in his attempt to be fair and accurate with each one.

Mapping Apologetics: Comparing Contemporary Approaches by ...

Brian K. Morley's book Mapping Apologetics: Comparing Contemporary Approaches is thus a useful addition to the academic literature on apologetics. I teach apologetics at the graduate level, and I have observed that students of apologetics seldom have a methodological vocabulary, though they often have a great deal of experience in the practical workings of a variety of methodologies.

Mapping Apologetics: Comparing Contemporary Approaches

Brian Morley, of The Master's College in Santa Clarita, CA, has done a great service with his book Mapping Apologetics. Beginning with a chart that delineates the spectrum of (Christian) apologetic approaches, he then spends the book unpacking this variety. A short Part One discusses apologetics in Scripture and in history.
