## **Gender and Modernism | Spring 2013**

Gender refers to the socially learned attitudes and behaviors associated with biological differences. Gender determines the expression of masculinity and femininity. People reinforce those gender expressions through social interaction. Social and culture shape gender roles and what is considered appropriate behavior for a “man” and “women”.

## **Modernism, gender, and culture : a cultural studies ...**

Culture and society has an enormous impact on gender roles in America. Americans receive thousands of cultural messages each week concerning gender roles, including advertisements, movies, TV, music, magazines and family influence. This constant bombardment of information presents traditional and evolving less-traditionally defined gender roles.

All the stories of the modernists were based on urban culture. Modernism also saw the gender relations taking its new shape, and this new shape was reflected in the various forms of art. The literature and art of Modernism sighted the woman who had broken all the barriers of domestic domain and was sexually liberated too.

## **Gender studies - Wikipedia**

In the United States as in many other societies, gender relationships are changing and inequalities between men and women are questioned in virtually every sphere – at work, in the home, and in public affairs. Yet the cold, hard facts show that gender gaps and inequalities persist, even in the face of startling social and economic transformations and concerted movements to challenge women ...

## **How Gender Inequality Persists in the Modern World ...**

Gender studies is a school of thought concerned primarily with gender, sexuality, masculinity, and femininity. The gender theorist argues that gender identity is formed by culture and experience, and that there is no foundation for gender norms.
