Amazon.com: Customer reviews: Motorcycle Engineering

Irving is best remembered in motor racing circles as the designer of the 1966 and 1967 world championship Repco-Brabham V8 engines. He could, as Rab Cook pointed out in his 1974 profile of Irving, just as easily be known as the designer of British Vincent motorcycles, the prolific author of a number of significant automotive books – the best known probably Tuning for Speed and his autobiography – and as the writer of hundreds of articles for car and motorbike magazines.

Phil Irving: Repco-Brabham Formula One engineer

Famous quotes containing the words books and/or published: “ Learning is, in too many cases, but

a foil to common sense; a substitute for true knowledge. Books are less often made use of as "spectacles" to look at nature with, than as blinds to keep out its strong light and shifting scenery from weak eyes and indolent dispositions.... The learned are mere literary drudges.
