3D Animation Software 3D Animation is the process of animating objects that appear in a three-dimensional space. The 3D animation technology and services aid the animator, modeler, graphics designer, visual effects engineer, and renderer.

3DCG - Wikipedia

Alex; April 28, 2018; I've said it on Twitter already but a lot of this reminds me of Blender in a very good way, already. No matter if the icons get flattened out or remain in a similar style to this - all the other ideas about UI and consistency improvements are so cool that it really feels like more than only one leap for Blender.

Blender (software) - Wikipedia

CopyQ for Mac 3.9.3 CopyQ for Mac is a simple clipboard management utility for Mac OS X. It allows you to save more than the default one item into clipboard which is the limit for Mac.
