Population Control Real Costs Illusory

Originally published by Internationalist 360. Share this post: By Mark P. Fancher The mythology of Ethiopian independence is an impediment to understanding the current situation. Ethiopia did not escape European intervention, and that history impacts the present day. As the world prayed for peace during the Christmas season, the Tigray People's Liberation Front proposed a [...]

United Nations Population Fund - Wikipedia

The one-child policy (Chinese: 一孩政策; pinyin: Yī Hái Zhèng cè) was a population planning initiative in China implemented between 1980 and 2015 to curb the country's growth by restricting many families to a single child. It had wide-ranging social, cultural, and economic effects. Its efficacy in reducing birth rates and defensibility from a human rights perspective have been subjects ...

...

The Modern Era of Tobacco Control. The 1964 Surgeon General's report received widespread media coverage and prompted a decline in cigarette sales in the first two months following its release (). In 1966 the first cautionary label appeared on cigarette packs, stating that cigarette smoking "may be hazardous to your health" (8, 15). The warnings were updated in 1970 and again in 1985 ...
