How to Organize Your House Renovation

The Great Gingerbread House Project is a math project that I developed 5 years ago, and I've done it with 4th graders every year since. I've tweaked and improved it every year, and now I'm so excited to share it. This project works well for students in a classroom or families at home.

15 Tips for a Successful Remodeling Project | Better Homes ...

But, finding the best team for your remodeling project goes beyond a simple reference check. The architect who has won top awards may have a design vision very different from your own. If you have an older house, hire someone who knows the time period when your house was built; putting a finger on historical appropriateness is an undervalued skill.

Free and online 3D home design planner - HomeByMe

A floor plan, and exterior elevations (the front, rear, and sides of your house) are required, as all of this will be needed when you begin designing the house. There should be time in class to complete a lot of this portion of the project. These are due on May 14th. Phase Two: (optional)
