Sams Teach Yourself C++ in 24 Hours - pearsoncmg.com

This book is for developers who want to develop .NET applications using Visual C++ 7.0 as the programming language. It covers the new features of Visual C++ which support .NET while lightly covering the new MFC and ATL enhancements as they relate to the .NET architecture, but focuses heavily on developing for the .NET framework. The book takes the reader through a simple .NET application, a ...
