A school social worker provides counseling and psycho-social services to children and adolescents in schools at both micro and macro levels. Social workers work as mental health experts, leaders of social and emotional development within the school community, family-school liaisons, and program development experts.

Social Work - School of Graduate Studies

Social cognitive theory (SCT), used in psychology, education, and communication, holds that portions of an individual's knowledge acquisition can be directly related to observing others within the context of social interactions, experiences, and outside media influences. This theory was advanced by Albert Bandura as an extension of his social learning theory.

WorldCat.org: The World's Largest Library Catalog

Social Learning Theory, theorized by Albert Bandura, posits that people learn from one another, via observation, imitation, and modeling. The theory has often been called a bridge between behaviorist and cognitive learning theories because it encompasses attention, memory, and motivation.
