State Formation, Nation-Building, and Mass Politics in ...

Similarly, state-building (nation-building) has at times been conflated with military intervention or regime change. This derives in part from the military actions in Germany and Japan in World War II and resulting states, and became especially prevalent following the military interventions in Afghanistan (October 2001) and Iraq (March 2003).

PROCESSES OF STATE FORMATION AND NATION BUILDING

10Recently, state-building and nation-building have sometimes been used interchangeably.

However, state-building generally refers to the construction of state institutions for a functioning state, while nation-building the construction of a national identity, also for a functioning state.
