Structured Analytic Techniques for Cyber Intelligence

Structured Analytic Techniques for Intelligence Analysis would prove most suitable as an in-class reference for a course on intelligence analysis or as an excellent resource for individuals who have completed such a class. Granted, an analyst could learn these techniques by reading the book, but they are best incorporated through hands-on training.

Structured Analytic Techniques for Intelligence Analysis ...

Structured analytic techniques are the ideal process for guiding the interaction of analysts within a small team or group. Each step in a technique prompts relevant discussion within the team, and such discussion generates and evaluates substantially more divergent information and more new ideas than a team that does not use a structured process.
