Swim totally agrees. TMM. A lot of times it seems like it's the dosage that's much more important for a first timer then whether it is mescaline/shrooms/acid or a comparable research chem. The key is to start low. The more of a drug you take, the more potential there is to feel overwhelmed or frightened. 2nd, choose a drug with a fairly short duration.

The mescaline experience did not add any philosophical weight to veganism, but like with any psychedelic, it helped to invoke an intuitive and more compassion-based perspective. That's not to say veganism never appeared to me as intuitive or compassionate before this experience, but the lifestyle did take on more emotional depth as a result of that experience.
