Video Script. We're about to start looking into how sentences are organized in our mental grammar. Before we do that, we need to be familiar with a particular kind of notation called a tree diagram.. We'll see that, within each sentence, words are grouped into phrases. Phrases can be grouped together to form other phrases, and to form sentences. We use tree diagrams to depict this organization.

Drawing Detailed Tree Diagrams - Template.net

Syntax is the study of phrase and sentence structure. Sentences are not simply linear strings of words but are phrases, which are linked together in hierarchical structures. Even though sentences are constructed in specific ways according to each language (language-specific constraints), there are syntactic rules which apply universally to all natural languages.
