Description. International Law is the definitive and authoritative text on the subject, offering Shaw's unbeatable combination of clarity of expression and academic rigour and ensuring both understanding and critical analysis in an engaging and authoritative style.

International Law | Higher Education from Cambridge

International Trade: Theory and Policy is built on Steve Suranovic's belief that to understand the international economy, students need to learn how economic models are applied to real world problems. It is true what they say, that "economists do it with models." That's because economic models provide insights about the world that are simply not obtainable solely by discussion of the issues.
